

DO BUSINESS WITH ULTIMATE CONFIDENCE

YOUR \$1,000,000
FINANCIAL LIABILITY ASSURANCE

CAN YOUR BUSINESS SURVIVE THE IMPACT OF A CYBER ATTACK?

First and third party liability risk is at an all-time high for unsuspecting businesses of any size globally. For organizations with limited time and resources, the six- to seven-figure ransom, recovery and legal costs that can result from a single cyber attack can be devastating reputationally and financially. The good news? Our \$1,000,000 financial liability safety net not only helps your organization survive an attack, but also thrive.

THE SOLUTION: FAIL-SAFE RECOVERY ASSISTANCE

Back your organization with up to **\$1,000,000** of financial liability protection included with our enterprise-class technology and 24/7 Security Operations coverage. eSure.AI supports your organization every step of the way without having to commit to complicated cyber insurance policies, saving you massive time, energy and budget :

- ✓ \$200,000 of ransomware and business email compromise protection
- ✓ \$200,000 of compliance failure protection
- ✓ \$100,000 of business income loss protection
- ✓ \$500,000 of cyber legal liability protection*

NOTIFY US AND GET REIMBURSED – IT'S THAT SIMPLE

eSure.AI's \$1,000,000 Financial Liability Protection isn't cyber insurance – it's better. There's no application, underwriting, premiums or complicated claims processes required. Best of all, as long as your computer has eSure.AI installed and updated, your 24/7 SOC does all of the investigatory legwork for you – including providing the required information and evidence you need to get reimbursed, **saving you up to 6 figures in this data collection alone.**

Our claims process is incredibly simple:

1. Notify us within 48 hours of the discovery of an event.
2. Send us the information your Security Operations team provides you about the incident.
3. Receive your reimbursement payment within 15 days.
